

Grant Application: Urban Food & Nutrition Initiative

Official Document - Page 1

ORGANIZATION BACKGROUND

Applicant Name: Green Horizons Initiative.

Green Horizons Initiative is an officially registered 501(c)(3) community nonprofit organization dedicated to improving urban food security.

Our grassroots team has been active in neighborhood development for several seasons, working across municipal districts.

PROJECT GOALS AND LOCAL BENEFIT

The Urban Food Garden project directly serves low-income families in Ward 4 by providing fresh produce, nutrition literacy workshops, and communal garden plots.

IMPLEMENTATION PLAN AND TIMELINE

Phase 1 begins April 2026 with soil preparation and volunteer orientation. Phase 2 delivers community planting workshops in June 2026, with harvest distribution in Autumn 2026.

PROJECT EVALUATION

We plan to observe participant satisfaction and survey attendees informally after workshops to understand community interest.

PAST TRACK RECORD AND CLAIMS

Our previous program reached 10,000 students across 15 schools in the district, yielding transformational improvements in youth food literacy.
